

Neo-390C / Neo-520C / Neo-650C

**Pressure Spring Auto Cut with
Overlap Laminator**

Control Panel

Slitting

Pressure Spring

Auto Cut & Overlap

Model	Neo-390C	Neo-520C	Neo-650C
Max. laminating width	370mm	500mm	650mm
Operating speed	13 meters / minute		
Paper thickness	125~350 gsm		
Laminating temperature	90 - 110 degree (Normal)		
Total Power	2000W		
Temperature control	Upper / lower temperature are controlled separately		
Upper heating roller	Steel roller (standard)		
Lower heating roller	Rubber roller		
Control panel	Digital LED system		
Feeding mode	Manual		
Overlap	Yes		
Auto Bursting	Yes		
Optional	Two sides Lamination with auto cut function (Can be option in future)		
Slitting function	Yes		
Anti-curling function	Yes		
Conveyor belt number	3	4	5
Optional	Lower / Upper Rewinder(Must appoint when order)		
Machine Size (LxWxH)	150x60x126 cm	150x73x126 cm	150x88x126 cm
Option	Compressor		

Neo-390C+ / Neo-520C+ / Neo-650C+
